LFC Philosophy

Louisa FC has been organized with the expressed intention to teach and promote soccer at a highly competitive level to youth players located in and around Louisa County. Any player selected or wanting to participate with our soccer program must demonstrate a passion for the game, the desire to improve upon their technical skills and understand the importance of teamwork.

The LFC Coaches & Staff are very dedicated to the development of our youth players and want to offer them the opportunities to learn more about the "Beautiful Game of Soccer".
